- B. Where the driver, owner or his representative is not able to take over himself, but the vehicle and its contents can be handled expediently by a wrecker, the police officer will advise the authorized vendor called to tow the disabled or wrecked vehicle to take charge of the vehicle and its contents.

 - (1) It is imperative that any vehicle disabled or involved in an accident be removed as quickly as possible. This also applies to a vehicle that is on the shoulder or overturned in a ditch or berm. To accomplish this, the trucking company shall assume as much responsibility as possible. The off-loading of cargo must begin no less than one hour after the communication center dispatcher is notified.
 - (2) The communication dispatcher will contact the company and make all arrangements for trucks and manpower at the scene. The Police Officer in charge of the scene will make arrangements to remove the vehicle and its cargo by the best possible means. The order of preference is as follows:

It shall not be disposed of by the NJDOT or Public Works unless or until abandonment by the owner is established. The City of Salem Police Department shall have sole authority to dispose of the cargo in the best interest of the public.
